

Logging in to MY GS

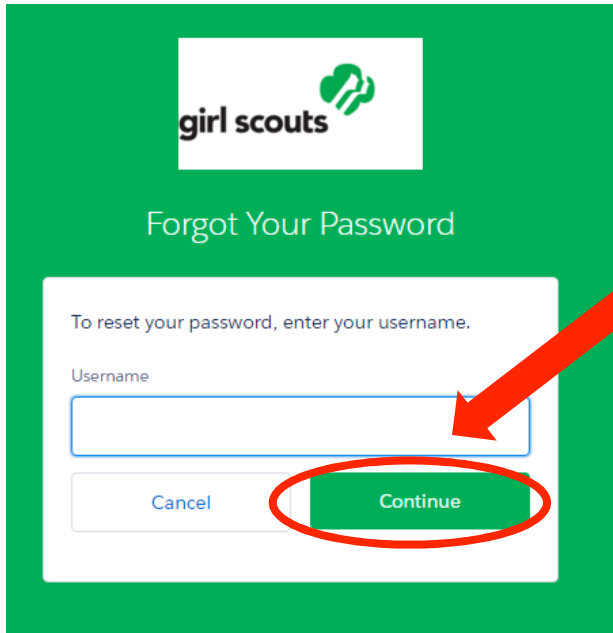

1. Open your Internet browser. We recommend using Firefox or Chrome. If you're on Internet Explorer, anything after Version 9 works best. Go to www.gsep.org. Click on MY GS and then Member Profile.

2. Log in using your Girl Scout email address as your username. Please note that your password may need to be reset. If you can't remember your password, click the "Forgot your password?" link.

A screenshot of the Girl Scouts login page. The page has a green background. At the top left is the Girl Scouts logo, which consists of the text "girl scouts" in white and a green trefoil symbol. Below the logo is a white login form. The form contains a "Username" label and an empty text input field. Below that is a "Password" label and an empty password input field. A large red arrow points from the right side of the page towards the password input field. Below the password field is a green "Log In" button. Underneath the button is a checkbox labeled "Remember me". At the bottom of the form is a link that says "Forgot Your Password?", which is circled in red. At the very bottom of the page, there is a link for "Girl Scouts employee? Log In".

3. If you forgot your password, you will be prompted to enter your username. This is your Girl Scout email address. Click “Continue.”

4. You should receive an email called “Your New Member Community password” very soon. It contains a link that you will click to create a new password. If you don’t receive this email, please reach out to our Member Services team by emailing memberservices@gsep.org and they can prompt another email to be sent to you.
